CURRICULUM GUIDE

WDA PUBLISHED MATERIALS | UPDATED AUG 2024

BE DISCIPLED. DISCIPLE OTHERS.

A GLOBAL LEADER IN DISCIPLE BUILDING SINCE 1974.

ABOUT

ABOUT WDA

Worldwide Discipleship Association, Inc.® is committed to developing discipleship curriculum and approaches which reflect the ministry of Christ as He built His disciples.

Intentional. Progressive. Transformative.

By studying Jesus' ministry, WDA discovered 5 distinct phases of Christian growth, beginning with the brand new believer and ending with the mature leader-of leaders, who can teach others to carry the mantle of Jesus' gospel and ministry.

PHASES OF SPIRITUAL GROWTH

Jesus didn't just deliver information, He gave His disciples principles, skills, and heart habits to become mature. He holistically equipped His followers to become like Him. This Curriculum Guide presents an overview of WDA's current materials and those in development. WDA materials are intentional and reflect the progression in Jesus' teaching and training of His disciples. The ultimate goal is not information but transformation—to help a disciple grow into Christlikeness.

ABOUT THIS CURRICULUM GUIDE

At the beginning of each Phase (Phases I, II, III, IV-A, IV-B, V-A and V-B) you will find a brief description of that Phase. Following the description is a list of the workbooks or manuals included in the Phase followed by a list of chapters or lessons in each book.

You will notice throughout the Guide use of the phrases "Pocket Principle®", "Guided Discussions", and "Teaching Outlines"

- **Pocket Principle®:** a brief essay that focuses on a single lesson necessary for the growth and maturity of a believer.
- **Guided Discussion:** a group of questions based on the content in the Pocket Principle® ideally discussed within a small group. The major goal of the Guided Discussion is to encourage the application of the principles being discussed.
- **Teaching Outline:** an outline of the topics and subtopics covered in a specific lesson. These are useful for presenting or teaching Pocket Principles® to others.

"WDA's mission is to serve the Church worldwide by developing Christlike character in people and equipping them to disciple others according to the pattern Jesus used to train His disciples."

TOOLS FOR BUILDING DISCIPLES

Disciple building is a biblical imperative, a primary task for the Church (Matthew 28:19-20). WDA defines disciple building as the process of developing well-formed Christ-like maturity in people, and equipping them to disciple others.

The goal of disciple building is maturity - the capacity to think, feel, and act like Jesus!

**"And teaching them to obey everything I have commanded you. And surely I am with you
always, to the very end of the age."
Matthew 28:20 (NIV)**

The School of Ministry curriculum equips people who are ready to serve in ministry with Christ-modeled skills, attitudes, and tools.

"Instead, speaking the truth in love, we will grow to become in every respect the mature body of Him who is the head, that is, Christ. From Him the whole body, joined and held together by every supporting ligament, grows and builds itself up in love, as each part does its work."

Ephesians 4:15-16 (NIV)

PHASE III: EQUIPPING FOR MINISTRY

After a disciple has matured and developed a strong personal relationship with God, Phase III materials equip the disciple to minister outwardly to others. The disciple will learn how to share their testimony and the gospel as well as how to deal with the questions non-Christians often ask. This new venture into ministry will cause the disciple to consider issues such as time management, ministry priorities and spiritual warfare. The disciple will learn more about the important doctrines that grow from a position in Christ and come to understand more about healthy relationships. The material in Phase III has been designed to help a church (or other ministry) develop a progressive disciple building strategy for the ministry trainee.
